

Water & Sanitary Sewer Mains & Services: PROPERTY OWNERS RESPONSIBILITY AND OURS

Where are the Public Mains?

BMU water and sanitary sewer mains are typically located underneath the road.

Private Service Lines?

Individual water and sanitary sewer services are privately owned by the property owner from the home/business all the way to the BMU public main. This includes the portion of line that is under the road, if applicable. The property owner is responsible for maintenance and repairs of private service lines.
